Carolina Neurosurgery & Spine Associates to establish diagnostic center

RALEIGH — Carolina Neurosurgery & Spine Associates, P.A. has filed an application with the Certificate of Need Section of the N.C. Division of Health Service Regulation to replace its existing analog X-ray unit with a digital X-ray unit.

A public hearing for this project has been scheduled for 1 p.m. on May 12 at the Cornelius Town Hall, 21445 Catawba Ave., Cornelius.

Carolina Neurosurgery & Spine Associates currently offers CT and X-ray services at its location on Baldwin Avenue. Digital radiography enables medical professionals to view images with more precision and clarity than on a traditional X-ray film. The proposed project has an estimated cost of \$356,000.

Anyone may file written comments concerning this proposal. Comments must be received by the Certificate of Need Section no later than May 1 at the following address:

Certificate of Need Section
Division of Health Service Regulation
